## **The Constitution of the United States of America**

The Constitution of the United States of America and the United States Bill of Rights

## **The Constitution of the United States, the Declaration of Independence and The Bill of Rights**

?? The book every American should have at hand. Read the most important documents that shaped our country, together in this collection, transcribed in their original form, now in an elegant Edition. ?? You have rights that are protected by the Constitution. Knowing those rights is the first step to be a conscious citizen, if you know your rights no one can take them away. How many times have you found yourself in a situation where someone was quoting or referring to the Constitution, and you wished you had one at hand to check their statements? How often do you question the society surrounding you, or have to rely on the social dominant opinion or, worst, the mass media for major social issues? Stop listening people talking about your rights. Read them and understand them first-hand. Open the Constitution up and check it out. Read it yourself. Learn your rights. Draw your own conclusions. Every citizen of the United States, or anyone interested in understanding who we are as a Nation, should have a copy of these works. The most important documents of the United States of America are collected in this volume: The Declaration of Independence The Constitution of The United States The bill of Rights and the other Amendments Read the documents that are the backbone of United States government as they were written, no biased opinions or commentary, in a deluxe Edition. ??? Scroll up, click the \"buy now\" button now and learn what most of Americans will never know about their rights, possibility, freedom, and the pursuit of the American dream. ???

These three documents are the basis for our entire way of life. Every citizen should have a copy.

## **The Constitution of the United States of America and The United States Bill of Rights**

The United States Constitution and the United States Bill of Rights

## **The Constitution of the United States of America, with the Bill of Rights and All of the Amendments; The Declaration of Independence; And the Articles**

The United States Constitution and Bill of Rights (1787-1789) is a foundational document of American democracy. Written by delegates attending the Constitutional Convention, a gathering intended to revise the system of government established under the Articles of Confederation, The Constitution of the United States was ratified in 1788 before becoming effective in 1789. Nearly two and a half centuries old, it is the oldest

continually enforced national constitution in the world. The United States Bill of Rights, containing the first ten amendments to the Constitution, was ratified in 1791, codifying into law the essential individual rights and freedoms of Americans, setting limitations on government power, and diverting powers not specifically granted to Congress to the states and citizens. "We the People." Beginning with these words affirming the democratic aspirations of the nation, The Constitution of the United States defines the foundational organization and function of the federal government. Despite being amended 27 times since its ratification and enforcement, The Constitution of the United States is seen as essential to the American system of government and political representation. Based on several earlier documents, including the Virginia Declaration of Rights (1776) and the English Magna Carta (1215), The United States Bill of Rights adds to the original Constitution--which focuses primarily on the organization and function of the federal government--certain protections and specifications targeting the rights of individual Americans, important safeguards determining the reach of the federal government and ensuring the states and the people are proportionately empowered. The First Amendment, perhaps the most recognizable, guarantees freedom of religion, speech, press, and assembly, as well as the right of every citizen to petition the government without fear of reprisal or punishment. With a beautifully designed cover and professionally typeset manuscript, this edition of The United States Constitution and Bill of Rights is a classic of American political history reimagined for modern readers.

## **The United States Constitution and Bill of Rights**

One of the most remarkable characteristics of the U.S. Constitution is its mutability. The procedure for

amending the Constitution ensures that it will always be a living document that reflects the evolving concerns of the American populace over time. Indeed, soon after the Constitution was ratified, it began to be amended. The first ten amendments, which are collectively referred to as the Bill of Rights, are presented in this document.

## **The United States Bill of Rights**

The Great Rights of Mankind follows the development of individual rights from the earliest English antecedents through their modern interpretations by the courts. It is arguably the single best short book written on the Bill of Rights.

## **The Great Rights of Mankind**

Collected here in one affordable volume are the most important documents of the United States of America: The Constitution of the United States of America, with the Bill of Rights and all of the Amendments; The Declaration of Independence; and the Articles of Confederation. These three documents are the basis for our entire way of life. Every citizen should have a copy.

## **The Constitution of the United States of America, with the Bill of Rights and All of the Amendments - The Declaration of Independence-and the Articles of Confederation**

The Constitution of the United States of America is the supreme law of the United States of America. The Constitution was completed on September 17, 1787, when it was adopted by the Constitutional Convention in Philadelphia, Pennsylvania. The Constitution was later ratified by special conventions in each state. It took effect on March 4, 1789. The Constitution creates a federal union of sovereign states, and a federal government to operate that union. The Constitution is the second of the three Charters of Freedom along with the Declaration of Independence and the Bill of Rights, with later amendments. All Charters of Freedom are included in this edition.

## **The Constitution of the United States of America**

"This is the untold story of the most celebrated part of the Constitution. Until the twentieth century, few Americans called the first ten amendments the Bill of Rights. When they did after 1900, the Bill of Rights was usually invoked to increase rather than limit federal authority"--

## **The Heart of the Constitution**

Pocket edition of the Constitution of the United States of America, including the Bill of Rights, Constitutional Amendments, Declaration of Independence, and Articles of Confederation

## **The Constitution of the United States of America**

This leatherbound collection of classic works traces the founding of America, from the birth of the nation in the late 1760s to the creation of a more perfect union at the end of the early 1800s. It celebrates the pursuit of life, liberty and justice and the freedoms that define America through notable documents as well as significant pieces, writings and speeches by famous figures and the founding fathers commenting on historic events. This volume includes the full texts of On Civil War by Benjamin Franklin, Common Sense by Thomas Paine, The Declaration of Independence and many more. A beautiful addition to any home library, the bonded-leather edition also features a satin-ribbon bookmark, distinctive stained edging and decorative endpapers.

# **The Constitution of the United States of America and Selected Writings of the Founding Fathers**

The Constitution of the United States of America, with the Bill of Rights and all of the Amendments; The Declaration of Independence; and the Articles of Confederation Collected here in one affordable volume are the most important documents of the United States of America: The Constitution of the United States of America, with the Bill of Rights and all of the Amendments; The Declaration of Independence; and the Articles of Confederation. These three documents are the basis for our entire way of life. Every citizen should have a copy.

## **The Declaration of Independence**

The Constitution of the United States and the Bill of Rights presented without commentary.

## **The Constitution of the United States of America**

"We the People of the United States, in Order to form a more perfect Union, establish Justice, ensure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America." — Preamble to the Constitution

The Constitution of the United States of America is the supreme law of the United States. Empowered with the sovereign authority of the people by the framers and the consent of the legislatures of the states, it is the source of all government powers, and also provides important limitations on the government that protect the fundamental rights of United States citizens. The Constitution acted like a colossal merger, uniting a group of states with different interests, laws, and cultures. Under America's first national government, the Articles of Confederation, the states acted together only for specific purposes. The Constitution united its citizens as members of a whole, vesting the power of the union in the people. Without it, the American Experiment might have ended as quickly as it had begun. James Madison introduced 12 amendments to the First Congress in 1789. Ten of these would go on to become what we now consider to be the Bill of Rights. One was never passed, while another dealing with Congressional salaries was not ratified until 1992, when it became the 27th Amendment. Based on the Virginia Declaration of Rights, the English Bill of Rights, the writings of the Enlightenment, and the rights defined in the Magna Carta, the Bill of Rights contains rights that many today consider to be fundamental to America. Contents: The Journal of the Debates in the Convention Which Framed the Constitution of the United States Constitutional Amendment Process Measures Proposed to Amend the Constitution Congress Creates the Bill of Rights Constitution Amendments Biographies of the Founding Fathers

## **The Constitution of the United States of America**

Never in history have 1,322 words held out such extraordinary determination to be free as those found in the Declaration of Independence. In 1787, "We the people" were the three words that not only engendered a new and cohesive nation; they went on to change the face of the world as well. In 1791, the first ten Amendments to the Constitution of the United States of America, known to us as the Bill of Rights introduced the world to the concept of those singular rights that ought to belong to every free individual. In one compact volume, the full texts of both the Declaration of Independence and the Constitution of the United States of America with all ratified twenty-seven Amendments to the Constitution are side-by-side along with another of America's seminal documents, Thomas Jefferson's Virginia Statute for Religious Freedom, an additional world-changing statement that codified for the first time that one cannot be required by law to support or prefer any belief or be punished for those one does profess--and the basis for what we have come to know as the "wall of separation" between church and state. Who we are and what we are free to be as citizens of the United States of America is contained between these covers. Cass R. Sunstein prefaces the volume with a succinct history and interpretation of the place and meaning of both the Declaration and the Constitution in American life. Enhanced by an index and suggestions for further reading, this volume,

small in size but overwhelming in the impact of its contents, belongs in the home of every citizen of the United States.

## **We the People: The Foundation & Evolution of the U.S. Constitution**

The basic documents forming the foundation of the United States. Includes: The Constitution of the United States of America, with the Bill of Rights and all of the Amendments; The Declaration of Independence; and the Articles of Confederation

## **Declaration of Independence, the United States Constitution, Bill of Rights and Amendments**

Collected here in one affordable volume are the most important documents of the United States of America:

The Constitution of the United States of America, with the Bill of Rights and all of the Amendments; The Declaration of Independence; and the Articles of Confederation. These three documents are the basis for our entire way of life. Every citizen should have a copy.

## **The Constitution of the United States of America**

Together in one book, the two most important documents in United States history form the enduring legacy of America's Founding Fathers including Thomas Jefferson, James Madison, and Alexander Hamilton. The Declaration of Independence was the promise of a representative government; the Constitution was the fulfillment of that promise. On July 4, 1776, the Second Continental Congress issued a unanimous declaration: the thirteen North American colonies would be the thirteen United States of America, free and independent of Great Britain. Drafted by Thomas Jefferson, the Declaration set forth the terms of a new form of government with the following words: "We hold these Truths to be self-evident, that all men are created equal, that they are endowed with certain unalienable Rights, that among these are Life, Liberty, and the Pursuit of Happiness." Framed in 1787 and in effect since March 1789, the Constitution of the United States of America fulfilled the promise of the Declaration by establishing a republican form of government with separate executive, legislative, and judicial branches. The first ten amendments, known as the Bill of Rights, became part of the Constitution on December 15, 1791. Among the rights guaranteed by these amendments are freedom of speech, freedom of the press, freedom of religion, and the right to trial by jury. Written so that it could be adapted to endure for years to come, the Constitution has been amended only seventeen times since 1791 and has lasted longer than any other written form of government.

## **U.S. Constitution: Foundation & Evolution (Including the Biographies of the Founding Fathers)**

"We the People of the United States, in Order to form a more perfect Union, establish Justice, ensure domestic Tranquility, provide for the common defence, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America." — Preamble to the Constitution

The Constitution of the United States of America is the supreme law of the United States. Empowered with the sovereign authority of the people by the framers and the consent of the legislatures of the states, it is the source of all government powers, and also provides important limitations on the government that protect the fundamental rights of United States citizens. The Constitution acted like a colossal merger, uniting a group of states with different interests, laws, and cultures. Under America's first national government, the Articles of Confederation, the states acted together only for specific purposes. The basic documents forming the foundation of the United States. Includes: The Constitution of the United States of America, with the Bill of Rights and all of the Amendments; The Declaration of Independence; and the Articles of Confederation An excellent edition for academic and/or home use.

## **Us Constitution and Declaration of Independence**

Are the deep insights of Hugo Black, William Brennan, and Felix Frankfurter that have defined our cherished Bill of Rights fatally flawed? With meticulous historical scholarship and elegant legal interpretation a leading scholar of Constitutional law boldly answers yes as he explodes conventional wisdom about the first ten amendments to the U.S. Constitution in this incisive new account of our most basic charter of liberty. Akhil Reed Amar brilliantly illuminates in rich detail not simply the text, structure, and history of individual clauses of the 1789 Bill, but their intended relationships to each other and to other constitutional provisions. Amar's corrective does not end there, however, for as his powerful narrative proves, a later generation of antislavery activists profoundly changed the meaning of the Bill in the Reconstruction era. With the Fourteenth Amendment, Americans underwent a new birth of freedom that transformed the old Bill of Rights. We have as a result a complex historical document originally designed to protect the people against self-interested government and revised by the Fourteenth Amendment to guard minority against majority. In our continuing battles over freedom of religion and expression, arms bearing, privacy, states' rights, and popular sovereignty, Amar concludes, we must hearken to both the Founding Fathers who created the Bill and their sons and daughters who reconstructed it. Amar's landmark work invites citizens to a deeper understanding of their Bill of Rights and will set the basic terms of debate about it for modern lawyers, jurists, and historians for years to come.

## **The Constitution of the United States of America**

This is a unique collection of U.S. Government legal documents that shaped and built the American democracy. From the Declaration of Independence to the Civil Rights Act of 1968, this collection contains 40 most important acts and decisions which forged the legal system and democratic principles of USA: Declaration of Independence (1776) U.S. Constitution (1787) Bill of Rights (1791) Amendments (1792-1991) The Federalist Papers (1787-1788) Marbury v. Madison (1803) The Louisiana Purchase Treaty (1803) Treaty of Ghent (1814) Monroe Doctrine (1823) Treaty of Guadalupe Hidalgo (1848) Emancipation Proclamation (1863) Gettysburg Address (1863) The Civil Rights Act of 1866 Treaty of Fort Laramie/Sioux Treaty (1868) The Enforcement Act of 1870 The Second Enforcement Act of 1871 (Ku Klux Klan Act of 1871) Civil Rights Act of 1875 Interstate Commerce Act (1887) Dawes Act (1887) Sherman Anti-Trust Act (1890) Plessy v.
