Just Be Cool, Jenna Sakai

Fans of Lisa Greenwald and Wendy Mass are sure to fall head-over-heels for this funny, sweet story of crushes, competition, and the confusing reality of middle school. \"Heartbreak is for suckers.\" -- Jenna Sakai
When Jenna gets dumped over winter break, it confirms what she learned from her parents' messy divorce: Relationships are risky and only lead to disappointment. So even though she still has to see her ex-boyfriend Elliott at newspaper club, Jenna is going to be totally heartless this semester -- no boys, just books. But keeping her cool isn't always easy. Jenna's chief competition for a big journalism scholarship is none other than Elliott. Her best friend Keiko always seems busy with her own boyfriend. And cute-but-incredibly-annoying Rin Watanabe keeps stealing her booth at the diner she's been hiding at every day after school. Rin is every bit as stubborn and detached as Jenna. And the more Jenna gets to know him, the more intriguing a mystery he seems. Soon Jenna is starting to realize that being a loner is kind of, well, lonely. And letting people in might just be a risk worth taking.

A Visit to Don Otavio

This affectionate study of the Mexican temper is "one of the most charming travel books ever written." - The Atlantic Monthly Before returning to the Old World after World War II, Sybille Bedford resolved to see something more of the New. "I had a great longing to move," she said, "to hear another language, eat new food, to be in a country with a long nasty history in the past and as little present history as possible." And so she set out for Mexico - and, incidentally, to write what Bruce Chatwin called the best travel book of the twentieth century, "a book of marvels, to be read again and again and again."

Suddenly, Grandmother stops walking Grace to and from school, and the door to her room stays closed. Father comes home early to make dinner, but the rice bowls stay full. One day, Grandmother's room is empty. And soon after, she is buried. A Visit to the Hospital

An evocative retelling of a classic Jewish tale by I. L. Peretz – one of the greatest classical Yiddish writers of all time, perfect for ages 4 to 8. Jonah and Rebecca have fallen on hard times and as Passover approaches, they cannot afford any of the things they need to celebrate the festival. “God will come to our aid,” Jonah insists, even on Seder night as the house is dark and his table empty. When a magician knocks on their door asking to join their Seder, they are unable to oblige, but the stranger is undeterred. “I have brought the Seder with me” he claims, snapping his fingers to produce two lit candlesticks. At the magician’s command, the house is transformed, and the table is laid with everything Rebecca and Jonah could need for a perfect Seder and a fabulous Passover feast. But is this all a magician’s illusion or could it be the heavenly intervention by the prophet Elijah? The Magician’s Visit has been adapted from a classic folktale by I. L. Peretz – one of the greatest Yiddish writers of all time. Written by acclaimed children’s author Barbara Diamond Goldin and with beautiful new illustrations by award-winning illustrator Eva Sánchez Gómez, this is a spellbinding retelling of a much-loved tale.

The US healthcare system faces numerous difficulties: uncontrolled increases in costs; major access problems; doctor shortages; closing practices; inefficiencies; decreasing revenues; shrinking bottom lines; large numbers of uninsured and underinsured patients; and the upcoming increased demands in service posed by the Affordable Care Act. As a result, many physicians and health care organizations are turning to group visits to address these problems. While Dr. Noffsinger's textbook *Running Group Visits In Your Practice* is the cornerstone reference on designing, implementing and running shared medical appointments (SMAs) in one's practice, it lacks the simplicity and practicality that clinicians are looking for to start their own SMA programs. *The ABCs of Group Visits* is a practical, streamlined and step-by-step guide focused on the implementation aspects of group visits. Healthcare professionals at every level are looking for alternate ways to deliver high quality care at lower cost, and it is clear to many that group visits provide a care delivery model that will address many of today's critical challenges. *The ABCs of Group Visits* quickly provides a solution for your busy practice.

Museums are changing from static, monolithic, and encyclopedic institutions to institutions that are visitor-centric, with shared authority that allows museum and visitors to become co-creators in content creation. Museum content is also changing, from static content to dynamic, evolving content that is multi-cultural and transparent regarding the evolution of facts and histories, allowing multi-person interpretations of events. *Designing Museum Experiences* leads readers through the methods and tools of the three stages of a museum visit (Pre-visit, In-Person Visit, and Post-visit), with a goal of motivating visitors to return and revisit the museum in the future. This museum visitation loop creates meaningful intellectual, emotional, and experiential value for the visitor. Using the business-world-proven methodologies of user centered design, *Museum Visitor Experience* leads the reader

through the process of creating value for the visitor.
